

Water Quality Update:

JULY 20, 2025

Treated Water

Fleur Drive
Treatment Plant:
7.53 mg/L

McMullen
Treatment Plant:
6.15 mg/L

Source Water

Raccoon River
7.75 mg/L

Des Moines River
9.12 mg/L

Infiltration Gallery
9.46 mg/L

**ON JULY 22, 2025, THE LAWN WATERING
BAN WILL BE LIFTED FOR RESIDENTIAL
LAWN WATERING.**

The nitrate concentrations in the Infiltration Gallery have been steadily declining and have remained below 10 mg/L for the past four days. As a result of this, the Technical Committee has voted to lift the ban on **residential lawn watering** beginning July 22. In order to manage demand, lawn watering must be conducted on the even/odd lawn watering schedule.

Even numbered addresses - Sunday, Wednesday, Friday

Odd numbered addresses - Tuesday, Thursday, Saturday

No watering on Monday
